

ART + FEMINISM

Collaborative Resources for Virtual Events

A hat tip to our friends at [Common Field](#), we've created this collaborative guide for virtual meetings. We do not have all the answers, but collectively we can share links/resources/guides/best practices to holding better and more accessible virtual events.

This is an OPEN document. Please add *information and link URL's to text*. Feel free to add a brief description of the resource you are adding.

*This is an open, crowd-sourced list. Please add information by category and **add new categories if you have them**. Please be mindful not to change the open sharing settings so everyone can continue to have edit access. As you add to and use this document, try not to remove resources that others need.*

PLEASE ADD, USE and SHARE! **THANK YOU!** Contact info@artandfeminism.org with questions.
